

bookstore 3

| HOUSES OF WORSHIP SOLUTION |

Imagine powering up and having complete control over your bookstore in just a matter of seconds for the start of the day. Through the use of smart technology, an AMX control system can manage and automate many of the functions required

to operate your store, freeing you to concentrate on more pressing matters throughout your facility. That's the Bookstore by AMX – that's the AMX EXPERIENCE.

WATCH

MAX DVD Imagine having a library of movie clips and videos available to be shown in your store.

MAX Digital Signage The MAX Digital Content Server gives you the ability to stream messaging to your digital signage displays and control content, frequency and duration of messaging to ensure your message is effectively communicated.

LISTEN

Audio System Gives you master control of store volume and system input sources to support a satisfying guest experience.

Audio Processor Control audio output levels and sourcing to your music listening stations.

MAX Music Listening Stations MAX Music Listening Stations give your customers the ability to preview CDs and audio recordings for sale in the store and give you the ability to pre-set volume level and content sources.

FEEL

Climate Easily adjust the temperature to create a comfortable store climate and manage energy costs using automated, timed presets.

Lights Control and automate store lighting the way you'd like with the ability to turn on, turn off or dim, any or all lighting zones.

Security Instant access to the security system for arming/disarming and entering of security codes.

| HOUSES OF WORSHIP SOLUTION |

Bookstore 3 combines award-winning AMX control solutions with powerful retail support tools like digital signage displays and music listening stations. System command is carried out with an AMX Table Top Touch Panel, giving you the ability to manage your MAX Digital Content Server, the source for your

digital signage displays and music listening stations – as well as control of your store’s lighting, climate controls and window treatments. With AMX worship facility solutions, we take care of the little things so you can spend more time focused on supporting your membership.
